Floyd Byrd Withdraws.

To the Democrats of the Tenth Congressional District:

Owing to the fact that since my announcement as a candidate for the Democratic nomination for congress some very important business has arisen which will necessarily occupy almost my entire time and attention for the next few months, I have decided to withdraw from the congressional race.

I desire to thank all my friends for the loyal support which they have given and offered to give me in this race, and I want to assure them that I can not fully express my appreciation of their proffered support.

Hoping that some good Democrat may be nominated who will be elected by an old time majority, and pledging my support to him, whoever he may be, my earnest and enthusiastic support, I am, yours very truly,

A. F. BYRD.

Our Candidate.

The withdrawal of Mr. Byrd leaves Mr. Lee Wainscott as the only Democratic aspirant for congress whose name is publicly announced. We have heard the name of Judge Davis, of Morgan county, mentioned in this connection, but his announcement is found in none of the Democratic papers of the district, and in these days of enlightenment, the man who expects to achieve success in any undertaking of consequence must invoke the aid of printers' ink, so we take it he will not be a candidate. The spirit of the recent Democratic state meeting at Lexington is that all factionalism must be relegated to the rear; that the party must turn its face to the future and not to the past, and that there must be a new alignment with standard bearers free from any connection with past party troubles. Mr. Wainscott fits perfectly into this scheme. His only political past is the record of a faithful worker in the ranks whose highest aspiration was to do everything for the success of the party and its nominees. While he may not have all the elements of strength that some other man might possess, he has none of the elements of weakness. The tendency of the Democratic party just now is to get away from professional politics and back to the people, and Mr. Wainscott is a fair representative of the "boys in the trenches." It is now less than three weeks until the people choose their delegates to the district convention at Irvine, and we see no reason why Clark county's candidate shall not be made the standard bearer of the Democrats of the Tenth Congressional District.—Winchester Democrat.

ONEY We are authorized to announce H. E. Oney, of Hazel Green, as a candidate for County Superintendent of Schools, subject to the action of the Democratic primary.

UNDER the heading of announcements will be found the name of James T. Hanks, who is a candidate for Clerk of the Wolfe County court, subject to the action of the Democratic party. Jim Hanks is just about 30 years of age and for nine of these has been a voter in the Democratic ranks, and though small of stature he is a wheel horse when he gets into the field for his friends, a trait he inherits from his lamented father, C. C. Hanks, who always carried his heart in his hand. Jim should be, and is proud to be, the scion of such a father, and in politics, as in all else, he tries to emulate the example of his father. In that he holds the golden rule as his guide, and having known him from childhood the writer can say he has lived by the rules laid down. Jimmie Hanks has all the qualifications for county clerk, and with his gentlemanly, affable manner he will win many to his side, whether for him now or not. He needs the office, too, and because

he has become involved through his friendship for his friends, even as his father before him. If nominated he is sure to be elected, and we will vouch that no man ever held the position who will treat people with more courtesy. Consider well his claims, fellow Democrats, for he will in no wise disappoint you.

THERE'S a new Richmond in the field for congressional honors, and he is no less a personage than G. L. Wainscott, of Winchester, who submits his claims to the Democrats of this congressional district, which he aspires to represent after next November election gives him the right. He is very well known to many of our people as the manufacturer of "Wainscott's pop," and is said to be a good business man and quite a clever fellow, as the world goes. The Clay City Times, which is nearer to him geographically has the following to say of him: "In this issue appears the formal announcement of G. Lee Wainscott, of Clark county, for congress. Mr. Wainscott is a first class business man, and being a good Democrat he possesses all the required elements of a fit man for congress in the Tenth district. He deserves due consideration from Democrats everywhere in the district, as they might search a great while and find no better man for the place. There is no reason why a good business man can not make a good congressman as well as a good lawyer if he only applies himself to the duties of the office as Mr. Wainscott will do if elected."

OUR young friend Henry Godsey, who is here with his wife visiting his old home and his mother and other relatives, has been solicited by many friends to make the race for congress in this district, and will probably go before the district convention at Irvine, July 15, with a large clientele. Henry, it will be remembered, a few years since gained a reputation as an orator that was almost unequalled, and should he be nominated he would give Mr. Langley a strenuous stump campaign, if, indeed, he did not defeat him. However, he has not announced and the matter lies with his friends and the near future.

WILLIAM H. TAFT, of Ohio, was nominated by the Republicans in convention at Chicago as their standard bearer for president. Mr. Taft is a Cincinnati man, and ever since he graduated has been in the limelight of publicity. He was ambassador to Japan, governor of the Philippines, secretary of war, and has held other positions of honor and trust. His running mate, James Schoolcraft Sherman, is a New Yorker, and has been in congress from that state for the past several terms.

Adams Wins By 1,646 Majority.
Complete returns from Lee, Estill, Breathitt and Wolfe counties in the Republican primary held on Saturday give James P. Adams a majority of 1,646 votes over G. W. Gourley in the race for nomination for circuit judge. Adams carried every county in the district, carrying Lee, Gourley's home county, by ninety-six votes.

Kelly Kash, candidate for the nomination for Commonwealth's Attorney in the same race, defeated A. H. Patton and Z. T. Hurst by a plurality of 1,101. His majority over both was over 800.

Our New Hair Vigor

Ayer's Hair Vigor was good, the best that was made. But Ayer's Hair Vigor, new improved formula, is better. It is the one great specific for falling hair. A new preparation in every way. New bottle. New contents. Ask your druggist to show it to you, "the new kind."

Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

As we now make our new Hair Vigor it does not have the slightest effect upon the color of the hair. You may use it freely and for any length of time without fear of changing the color. Stops falling hair. Cures dandruff.

THE HERALD.

DRINK WAINSCOTT'S POP.

Wood and Drue Brooks visited their uncle, George Brooks, on Lacy creek, last week.

Mrs. Sebron Walter returned on Monday from a week's visit to her sister in Magoffin county.

Dr. Williams reports the birth of a boy to the wife of Bill Byrd, of Lacy creek, Saturday night, and says he tipped the beam at 12 pounds.

That excursion from Campton to Natural Bridge Sunday promises to be a very interesting outing, and surely it is cheap enough for all to avail of it.

Robert M. Cecil and wife, of Stillwater, visited their sister, Aunt Nancy Swango. She accompanied them to Consolation, where they will visit other relatives.

Carl Mize, who spent the winter in Florida and who is now at Biltmore Sanitarium, Biltmore, N. C., is expected home Monday, where his friends will rejoice to see him.

Elsewhere in this paper see the ad of Arch Childers, who makes a business of drilling wells, and if in need of a good well give him a call. No water, no pay, is his motto.

Chester Jones, cashier of the bank at Cannel City, while playfully wrestling with Roger Bryan, the commercial tourist, one day last week, broke his leg just above the ankle.

Dr. G. M. Center reports the birth of a boy to the wife of Buen McNabb, of Toliver, on the 4th inst., and says that Buen sat by his wife's bedside for four or five days admiring the boy.

As the result of bad blood engendered over the primary election Saturday, John P. Turner shot and killed a young man named Arrowood, at Canoe, in Breathitt county, 10 miles from Jackson.

The Republican primary at this place Saturday was a very quiet affair and resulted in a victory for Adams and Kash. The vote at this precinct was: Adams 70; Gourley 12; Kash 77; Patton 5; Hurst 1.

H. H. Swango organized a Sunday school at Laurel last Sunday, with Abner Trent and Mrs. Geneva Brown as superintendents and about 75 pupils. A brighter prospect for a successful school was never seen.

Steve Sample, ex 1, of Campton, attended the opening of Circuit court at West Liberty Monday and that night accompanied his father to his old home on Lacy creek, from which point he attended the show here Tuesday.

Halleck Patrick and wife, nee Molly Lykins, last Thursday lost their little daughter, two years old, with something like flux. They live near West Liberty, but Mrs. Patrick was reared near our town, where she is now visiting her parents, Joe Lykins and wife.

A First-Class Show.

M. L. Clark & Son's show exhibited here Tuesday to a crowd of about 600 people. The main features of the show were: Miss Pearl Clark's ladder act; Andrew Adams, wire walker; Forrest Brothers, acrobats; Powell, contortionist; Bill Bryan, the clown, and Lu Clark with his trained elephant. The show had some good features, and generally speaking the men composing it were courteous. But there was one individual selling lemonade on the outside who did not know what courtesy meant. A gentleman asked him for change so he could chip in to buy a ticket for a little girl, and his greed being uppermost he replied, "Selling lemonade 5 cents a glass." The animal tent contained a few not in the Haag show, but the variety was not so great.

Took Her Own Life.

Mrs. Mary Anderson, wife of Jim Anderson, of Gillmore creek, committed suicide last week in a very painful and peculiar manner, choosing the petroleum route. As the particulars are given to us by Dr. A. C. Nickell, who was called to see her, we give them. She had been using coal oil to allay a misery of the breast and on this occasion she poured the coal oil over her clothing and deliberately lighted it with a match. This was on Tuesday, and Wednesday morning she died and was buried that afternoon.

The Protracted Meeting.

Through a piece of procrastination THE HERALD last week failed to mention the meeting in progress at the Methodist church, which began Tuesday a week ago and is still in progress. Rev. Mr. Prentiss, of Owingsville, is the pulpit orator and he is a very interesting talker. He is assisted by Rev. W. B. Campbell, the regular pastor, who is a student at the Kentucky Wesleyan Academy at Winchester.

New Time Card.

The time table of the L. and E. railway has been changed and is now in effect. A Sunday morning train from Jackson was put on that road Sunday last, and Mr. Scott, the gentlemanly passenger and freight agent, says that if the people appreciate and properly patronize that special train it will be kept on permanently, and it is to be hoped they will do so.

Here On a Visit.

Henry L. Godsey and wife, of Washington, D. C., came here Monday of last week, since which time they have been the guests of Hon. W. O. Mize and wife, the latter being a sister of Mrs. Belle Godsey, who lives with them. This item should have been reported last week, but we did not learn of their arrival until the paper was on the press.

Gone Visiting.

Wednesday of last week Mrs. R. H. Patton and daughter, Fernie, went to West Liberty, Friday Miss Mae Williams, her sister, left for the same place, and Saturday evening Cashier Patton and Miss Stella Manker went over in a buggy, the former to be with his wife Sunday, and the latter to spend the day with her mother. Miss Mae returned yesterday.

Mrs. J. T. Day and daughter, Miss Daisy, left today for Lexington to visit J. T. Day at Sprague's Sanitarium.

ALL OVER THE HOUSE.

The Etiquette of Writing Letters. Various Household Hints.

Well bred women and men never by any chance use scented paper. Nothing can be in worse form. A delicate sachet may be laid in her boxes of fine stationery by the woman, but nothing more. And the use of cream white paper and black ink is always correct, always in good style. A monogram or an address stamped at the top of the sheet is also correct, but here again the simpler the better.

When opened the letter should show legible writing, proper punctuation, correct spelling. These are essentials that no one can afford to neglect. As for diction, that must be individual, but no one need pass through the grammar school grades without learning how to express themselves clearly, even if it be boldly and without any attempt at style.

To Darn a Torn Garment.

Lay the place to be mended over a book or piece of stiff pasteboard, which is exactly on the principle of the "darning egg" in the heel of a stocking, and draw the torn edges together as well as possible with the thread, shaping the hole until the darning stitches can be taken smoothly and regularly. This had better be done with as fine a thread as can be, and the bastings can then be easily pulled out afterward.

Ravelings make the best possible threads for mending wool, as the threads are not only exactly the right color, but the twist is the same, making a lot of difference when completed. Place a cloth over the place when the darning is done and bastings removed and press with a heavy but not too hot iron.

Cleaning Bottles.

Bottles, vinegar cruets and very small glass pitchers are difficult to clean, but the brownest kind of vinegar and other stains on the glass left from liquids may be removed with the aid of carpet tacks. Drop a dozen or more of the largest sized tacks into the bottle, then pour in hot, soapy water, cork tightly and shake the bottle. The soapsuds will foam and the tacks rattle, and presently, in a few moments, after the discoloration has a chance to become thoroughly wet, it will loosen as the tacks rub against the glass, and in a short time every bit of it will be gone. Rinse with several waters.

Care of Hardwood Floors.

Hardwood floors require oiling and rubbing twice a month to make them presentable, and every year or two a new coat of stain and varnish is required.

A hardwood floor will not require staining and varnishing as often as a softer wood, and the latter kind may be greatly preserved by occasional applications of turpentine and beeswax, rubbed off with woolen cloths.

The polish is prepared by adding two ounces of shaved beeswax to a pint of turpentine and placing in a warm room or near the stove, not on it, until it is dissolved.

Ready Remedies.

When food will not stay on the stomach put one teaspoonful of lime water in a glass of milk and sip it slowly.

When a cut will not heal, saturate a piece of absorbent cotton with coal oil and bind on.

If there is trouble of any kind with the eyes, a wash of either cold tea or new milk is good.

THINKING OF MOVING WEST?

If not then make up your mind and write me for descriptive list of farms in Missouri, Kansas and Oklahoma. All fine, level, productive land that will grow anything under the sun, at prices ranging from \$15 to \$40 an acre, and come where life is made tolerable by easy, profitable farming. Why sweat and fret life away in the vain effort to eke out a mere miserable subsistence from the rock-ribbed, root-laced hillsides as your father and father's father did, when there is so much good land to be had yet awhile for a mere song? Get out of the rut—break away from the time-worn habit that keeps your nose to the grindstone. All it takes is resolution and a little nerve. Write me, and let me help you to a better condition.

I. N. PHIPPS, Chanute, Kansas.

This Poor Old World.

Lord Kelvin, the well known British scientist, foresees that as the world grows older earthquakes will grow bigger until it is to be supposed that Jamaica and Sumatra, latest of earthquake victims, will sink into the sea. In the distant time, when the central fires of the earth are burning themselves out, Lord Kelvin believes that earthquakes will occur only at intervals of a few millions of years. But even when the earth has been cooled down to a uniform temperature throughout and all further disruption by shrinking has ceased, a new terror looms on the Kelvin horizon—a shattering and remodeling of the earth by collision with some other larger body.

Robert Bruce, the little son of R. J. McLin, now has a handsome Shetland black mare pony, which is admired by all the little folks. It was bred and reared by our friend Len Price, near Lexington, who has about 125 on his farm.

Circuit court convened at West Liberty Monday, Judge Hananah presiding, and all who heard his charge to the grand jury on that occasion say he will soon stop all lawlessness in Morgan county, especially the illegal sale of whisky.
